RECOMMENDERS: The Ronald E. McNair Postbaccalaureate Achievement Program (McNair Scholars Program) is a federal TRIO program funded by a grant from the U.S. Department of Education with additional support from the provost. The purpose of the program is to assist outstanding first-generation & low-income students and students from backgrounds underrepresented in graduate education in their aspirations to earn a Ph.D. Selection as a McNair Scholar is a nationally recognized honor with many benefits, including faculty-mentored research experience, a research stipend, travel opportunities, academic support, and extensive graduate admissions assistance. The McNair staff works closely with participants as they complete undergraduate studies, prepares them to enroll in graduate school, and tracks their progress through successful completion of a Ph.D./research-based doctorate.
